

THE MASONIC CIVILITY PROJECT

MasonicCivility.org

MasonicCivility.org is a forum to share resources and ideas for restoring civility in society utilizing the Masonic values, tenets, language and working tools. It can be used by lodge brethren in their homes, workplaces, communities and lodges.

Civility Ambassadors

We have established a worldwide network of brothers who are taking the civility message into their lodges and communities.

To become a Civility Ambassador, talk to your Grand Master.

Masonic Family

The Masonic Civility Project consists of members from the entire Masonic family, including our youth orders.

It is a great way to engage the membership, and to get more involved in our communities.

The journey begins wherever you are...

USING THE MASONIC VALUES TO HELP RESTORE CIVILITY IN SOCIETY

Why Us?

As Freemasons, we are particularly well-suited to help to restore civility in society. We have the principles and tenets, the working tools and language, and the history and tradition of civility.

Please consider joining the effort!
